MEMORANDUM FOR: Deputy Director for Intelligence

FROM: Harry E. Fitzwater
Deputy Director for Administration

SUBJECT: Office of Training and Education Support for
Deception Analysis Course

REFERENCE: Memo for DDA fm DDI, dtd 15 March 85,
Subj: Request for Deception Analysis Course

1. I am pleased to be able to respond favorably to your request for the Office of Training and Education (OTE) to support the development and implementation of the training course on deception analysis.

2. [] of the Analysis Training Branch, who has already held preliminary discussions with the Foreign Intelligence Capabilities Group, has been assigned to assist with the development of the course. [] reports that the program is almost fully developed and has tentatively scheduled the pilot running of the course for 20 - 24 May.

STAT

STAT

3. This course does add a burden to OTE's existing analysis training program. It appears that OTE will be able to implement the pilot running in May without additional resources. However, if the course becomes a permanent part of the curriculum, OTE may need to seek some assistance. As you are aware, the analysis training program is already meeting high-priority demands from the DI to conduct training for new analysts while sustaining its existing programs.

4. I, too, share your conclusion that a high-quality program on deception will serve the interests of the Intelligence Community and should lead to improved analysis within the Community on this priority subject.

/s/ Harry.
